## **2008 KCSA Summer Meeting Notice**

Please consider this your official notice of the KCSA 2008 Summer Meeting to be held at the Marriott Cincinnati RiverCenter, Covington, KY. The meeting begins on Thursday, July 24 and concludes on Sunday, July 27. We encourage your attendance and look forward to your participation as we address those issues that are so important to the crushed stone, sand and gravel producers in Kentucky. We also plan to have a great time! All producer and associate members and their employees and families are invited to attend. It's a family affair—please bring the children!

Thursday night's welcome reception includes time to renew acquaintances and activities for the children. The golf tournament will be Friday morning at *Lassing Pointe*, host of the 1996 and 2000 Kentucky Open. *The first business session will be on Friday afternoon and Friday night features a reception and dinner at the Newport Aquarium with entertainment for the children. Saturday morning session will start with a buffet breakfast followed by our annual Safety Awards and recognition of*

the 2007 Miner of the Year. Please join us Saturday evening at the Great American Ball Park to watch the Cincinnati Reds take on the Colorado Rockies.

We have reserved a block of rooms at the Marriott Cincinnati at RiverCenter for our meeting at a rate of \$149 per night. **YOU ARE RESPONSIBLE FOR MAKING YOUR OWN ROOM RESERVATIONS!** We urge you to make your reservations as soon as possible by contacting the Marriott Cincinnati at RiverCenter at 859-261-2900 and asking for the Kentucky Crushed Stone Association room rate. **The deadline for reserving a room is July 1, 2008. This is also the weekend of the Cincinnati Jazz Festival and rooms will be sold out!** It is always easier to cancel a room than not to have one. Rooms for this meeting will be at a premium. **MAKE YOUR ROOM RESERVATION TODAY.**

Please make your plans now to join others at the convention. Any questions or suggestions just call Ron or Stephanie at 888-234-5272. We look forward to seeing you at the Marriott Cincinnati at RiverCenter.

# SE KENTUCKY CENTRAL MINE RESCUE ASSOCIATION CONTEST

We are very excited about the mine rescue contest being held in Maysville Kentucky as it is the first M/NM contest held in the Southeastern District. The contest will be a good public relations event for the mining industry and we would like your help to assure that it is well publicized and attended. We have requested MSHA's video production crew from the mine academy film the event.

This is a wonderful opportunity for all of us in the mining community to work together to promote mine safety. Please help us make this event a success.

# Rocks and Minerals in Modern Society- Teacher's Workshop

We still need sponsors for our teachers that are attending the workshop in June. There are only seven companies that are sponsoring teachers. Please let Ron or Stephanie know what your company can do to support the workshop.

Please give your support and sponsorship to this terrific experience for those who can best reach our young members of society to help them know about our industry, and in turn support our goals and perhaps even pursue careers in our industry. We need Producers or Associates to sponsor teachers for the workshop. Cost is expected to be \$500- \$1000 per teacher.

The goals of the workshop are to increase an understanding of the importance of the aggregates industry and to promote the industry as safe and environmentally friendly. What better way to do this than for our industry to host an educators/teachers' workshop where KCSA members can give firsthand knowledge to those who can take this information back to the youth in our community? Assisting in the development of the workshop along with association members are Kentucky Geological Survey and CINSAM at NKU.

The sessions which are hands-on activities geared to teacher's grades 3-8 will include actual lessons which will teach about the industry including "Birdseed Mining", Mineral "Detection", "Cookie Mining", and tours of local quarries. The teachers will leave the 1 1/2 day sessions with notebooks full of ideas and firsthand experience of the operations of a quarry. All activities will be aligned with Kentucky Standards so teachers will be able to use this fine workshop for professional development hours, an essential requirement for all educators.
