

MEMORANDUM

DATE: February 1, 2010
TO: KCSA MEMBERS
FROM: LES GERALDS — JIM WRIGHT
RE: 2010-2011 SCHOLARSHIP PROGRAM

The Kentucky Highway Industries Scholarship Committee co-chaired by Jim Wright, Hinkle Contracting Corporation and Les Gerald's, Roger's Group, Inc. is proud to announce the continuance of our scholarship program for high school seniors and others enrolled or wanting to enroll in a Kentucky higher education institution. Kentucky Highway Industries is also pleased to continue the partnership with the U.K. Department of Mining Engineering. This is a special scholarship opportunity for students interested in pursuing a B.S. in Mining Engineering at the University of Kentucky.

Those eligible include students whose family member is employed by any member company of the KAHC, KCSA and PAIKY. The member company employee is also eligible to participate.

The following application must be filled out completely. A copy of the students' college or high school transcript and their FAFSA form (Free Application for Federal Student Aid) must accompany the application.

You can visit the website www.fafsa.gov to submit and print your form. After reviewing your application and FAFSA form, the scholarship committee has the right to request additional information for verification purposes.

Details of this opportunity are included in the enclosed mailing.

Contact the KCSA office if you need further information.

Thanks!

P.S. Member Companies may contribute to this program and be recognized appropriately.

KENTUCKY HIGHWAY INDUSTRIES SCHOLARSHIP PROGRAM

Kentucky Highway Industries (KHI) firmly believes that higher education is one of the most efficient and cost-effective ways in which to invest in the future of our students and country. Based on that belief, KHI has instituted a scholarship program to offer monetary grants beginning in the fall of 2010.

Our objective is to build on the scholarship program as part of this investment. Individual member companies of the association may contribute to the program and be recognized appropriately.

The mission of the Kentucky Highway Industries (KHI) in offering this scholastic grant is to “establish a scholarship fund which will benefit the community of the Commonwealth of Kentucky through advanced education.” We realize that this grant is supplemental in nature, relative to the cost of an advanced education.

These grants are offered to anyone enrolled in a Kentucky Higher Education Institution, including public or private colleges and universities, and public or private vocational or technical schools regardless of field of study.

Who is eligible to apply? High School Seniors or students currently enrolled in a Kentucky Higher Education institution, whose family member is employed by any member company of the Kentucky Association of Highway Contractors, Kentucky Crushed Stone Association and Plantmix Asphalt Industry of Kentucky. The member company employee must have completed at least one year satisfactory employment. Your Grade Point Average must be 2.0 or higher (based on a 4.0 scale) for the previous year of education (high school or college).

This grant is for one year. Students may reapply for these grants but are not guaranteed repeat awards. Students working toward a vocational or technical school certificate or an associate degree can receive a maximum of two awards in the respective category. Students applying for a bachelor degree can receive a maximum of four awards in this category. No student is automatically considered for this grant. Only those who apply in a given year will be considered.

Grants may be awarded to vocational or technical school applicants, which include first-year students and second-year students. Grants may be awarded to associate degree applicants. Grants may be awarded to Bachelor Degree applicants, which includes freshman, sophomore, junior, and senior. Any funds not used in a category may be moved and utilized in another category.

<u>Type of Education</u>	<u>Amount of Annual Grant</u>
Vocational Certificate	\$1,500.00
Technical Certificate	\$1,500.00
Associate Degree	\$2,000.00
Bachelor Degree	\$2,500.00

All applications must be submitted to the Kentucky Crushed Stone Association at **P.O. Box 326, Frankfort, KY, 40602, no later than Tuesday, March 31, 2010.**

The Kentucky Highway Industries Scholarship Committee, after considering all applications will announce the award winners no later than April 30th.

Please limit your narrative to one page or less. All applicants must submit a transcript from their previous semester of school. College freshmen will submit their transcript from their senior year in high school.

All applicants must also submit a FAFSA form. The FAFSA form can be found at www.fafsa.ed.gov.

ALL INFORMATION REQUESTED IN THIS LETTER OR THE APPLICATION MUST BE FULLY COMPLETED IN ORDER TO BE CONSIDERED. APPLICATIONS THAT DO NOT INCLUDE ALL REQUESTED INFORMATION WILL NOT BE CONSIDERED.

Applications will be considered on the following criteria; Need at 50%, Academics at 30%, Essay at 10%, and Other at 10%.

The Kentucky Highway Industries Scholarship Committee is pleased to continue its partnership with the U.K. Department of Mining Engineering in forming a special scholarship opportunity for students interested in pursuing a B.S. in Mining Engineering at the University of Kentucky. Please see the enclosed information.

Special consideration will be given to applicants who demonstrate a willingness and desire to be employed in the crushed stone, hot mix and highway/road building industries.

February 12, 2009

Dear Prospective Applicant:

The U.K. Department of Mining Engineering is pleased to announce a partnership with the Kentucky Crushed Stone Association (KCSA) in forming a special scholarship opportunity for students interested in pursuing a B.S. in Mining Engineering at the University of Kentucky.

The demand for mining engineering graduates, regionally and nationally, exceeds our current supply, a fact that is recognized by the KCSA. In response to the need for highly educated individuals in mining related fields, the U.K. Department of Mining Engineering, one of the only thirteen nationally accredited mining engineering programs in the U.S., is offering a scholarship to one student each year who qualifies for scholarship support with Mining Engineering as his or her declared major. The scholarship award available through the Department of Mining Engineering is \$2,500 in the first academic year for a freshman admitted for enrollment, which will be given in addition to scholarship support awarded through the KCSA Scholarship Program. Scholarships awarded through the U.K. Department of Mining Engineering are renewable each year contingent on the student maintaining a cumulative grade point average above 2.0 under this scholarship program. Maximum scholarship support available through the U.K. Department of Mining Engineering for a 4-year period totals \$10,000.

To apply for the U.K. scholarship, please complete the enclosed supplemental "Scholarship and Financial Aid Application, Kentucky Mining Engineering Scholarship Program" and include it with your DCSA Scholarship Program Application mail both to:

Kentucky Crushed Stone Association Scholarship Committee
P.O. Box 326
119 W. Broadway
Frankfort, Ky 40602

For further information about the U.K. Department of Mining Engineering, please visit our web site at: www.engr.uky.edu/mining or call us at (859)-257-8026 for an appointment to come by and visit. Thank you and best wishes.

Sincerely,

A handwritten signature in black ink, appearing to read 'Rick Honaker'.

The Kentucky Mining Engineering Scholarship Program (KMES) supports students who are full time students in mining engineering. No one pursuing a double major will be considered. To continue receiving KMES funding you must be enrolled full time in the Mining Engineering Program, making satisfactory progress toward your degree and maintain a GPA of 2.70 or greater.

I hereby grant permission to the UK Department of Mining Engineering Chair, to reveal all or part of the above information to any concerned officials, committees or boards of the University of Kentucky and to any financial grantors.

Applicant Signature: _____ Date: _____

High school seniors should include ACT/SAT scores, transcripts, rank in class, and GPA. Transfer students with 12 credit hours or more should submit a transcript from the last college attended with application.
